NOTES

Trial Class

- Computhink classes focus on long-term learning are grouped according to age and skill level.
- New students can attend a trial lesson of 1.5 hours and do a placement test to determine the appropriate CodeThinker Level to join.
- Trial Class Fees will be refunded when you continue to sign up for full-term classes.
- Students who join in the middle of the term will have their fees pro-rated for the number of remaining lessons for that term.

Term Class

- Computhink generally follows the schedules and school holidays of local Singapore MOE Schools.
- In one academic year, there are 2 terms. Term 1 is from Jan - May, Term 2 is from Jul - Nov.
- There are no Term Weekly lessons during the June and December holidays as we will run our holiday camps.
- Term Weekly classes continue as per normal during the March/ September one-week holidays.
- A student who completes either a holiday camp or a term class will enjoy up to 30% regular student discount for next term sign-ups.
- There will be a grading quiz at the end of each term to evaluate student's learning progress.
